## The Times.

Office—Temple, Main and New High

**ROSE CLEVELAND** is mad—and loud

**BUFFALO,** too, has to rain a storm  
sober's fault.

**BROOKLYN,** Mississippi, has a yellow  
fever epidemic.

**SAN FRANCISCO** and San Bernardino  
have had showers.

**THE KNIGHTS OF LABOR** favor Govern-  
ment telephone lines.

**HABER'S** stable comes to the fore  
again in the dispatches.

The telegraph brings us a beautiful  
make story this morning.

Several vessels were lost in the storm  
on the English coast.

**HENRY GRIMES** is "whooping her up"  
in Gotham, the gay and wicked.

There comes a rumor from Mexico  
that Diaz is to be made Dictator. Not  
without a circus, comodore!

**GENERAL GRANT'S** "Memories" have  
proved a magnificent success, as be-  
came their author, who was that kind  
of a man himself.

**WALES** H. Moon, despairing of re-  
deeming himself in the estimation of  
the people of Southern California, has  
gone up to San Francisco to cultivate  
the consile of that great city. His  
first stroke has been to secure the plac-  
ing of his name on the "Irish-American"  
ticket, headed by that great and good  
blarshite, Dr. G. O. O'Donnell.  
Surely, our half-low-well-meet young  
candidate has secured a congenial po-  
litical bedfellow in the person of the  
hooded Coroner of San Francisco.

**LYNCH** the flamboyant Abkood of  
Swat and potentate of great aploom,  
accompanied by his "secretary" and  
telegraphic whooper-up, has gone to  
San Diego to electrify the people of his  
old-time stamping ground with his well-  
preserved robustuousness and virility.  
It happens, however, that the people of  
the bayouine section, a little  
miffed because Colonel Lynch went  
back on them in his days of pro-  
perty and their depression, have been  
looking up his record, "ain't, faith,  
they'll print it." Lynch may well  
justify himself for a rather frigid reception.  
He is not overly popular in San  
Diego.

It is reported by a contemporary that  
the several faro games that were con-  
ducted in the city having become a little  
too open and flagrant for tolerance, the  
Chief of Police sent an officer around  
to their proprietors, Saturday even-  
ing, and warned them that they  
must stop, whereupon they all im-  
mediately closed up. Of course that  
is a very considerable way to treat law-  
breakers, and if it were only carried out  
with reference to other malefactors—  
simply notifying them to quill—it would  
obviate a deal of work and money  
for the department. It is just  
possible, however, that the gamblers,  
being thus civilly informed of a  
possible forthcoming protest, merely  
closed their front doors for  
decency's sake and left the latch-string  
out behind. They have known to  
do such things. There are times when  
civility falls upon barren ground  
and fails to yield any crop of goodness  
in return for the original seed.

The Republican County Committee  
took a bold and strong step, yesterday,  
in raising a purse of \$2500 to be dis-  
tributed in rewards for the apprehen-  
sion and conviction of fraudulent voters  
at the forthcoming election. This  
shows the genuineness of the Repub-  
lican purpose to secure a fair  
election. Will the Democrats, after  
all their efforts of impending corruption,  
fail to do this, the reproach  
will be on their own heads  
and at the same time the Democratic  
managers will be as effectually blocked  
from the use of a corruption fund as  
though the Republican \$2500 had been  
doubled. There are many sharp-eyed  
detectives whose best exertions will be  
exerted by a purse of \$2500 in sight.

Yes, it was a long-headed step that  
the Republican committee took yesterday,  
and it must redound to the good of the  
public.

**CAN MUCH THING BE?**

**WILLIAMS,** the "Tobac" Scalper,  
gave up his Queen of His Own.

For a week or more a young  
fellow from the upper country has been  
around the office of E. H. Williams, ticket  
broker and employment agent, looking  
for a job. Williams found two or three  
jobs for him, but the young man thought  
they were none of them high-toned enough  
and he refused them. Yesterday  
he got the round of the offices, and  
after a little search he produced a check  
for \$75, drawn on the First National  
Bank of this city by Geo. W. Moore,  
of New York, a well-known  
business man.

Nothing further occurred in the  
process, so Williams had gone to bed and  
thought the realms of oblivion. Then he  
dreamed a dream. He dreamed that he  
had been offered by Williams a job  
as a waiter in a restaurant. The boy, who  
was afflicted with the whooping cough, happened  
to suffer a paroxysm of coughing about  
that time, and he awoke with a start.  
His wife of the trap he had been  
put into, and, at once, proceeded  
to dress, which up his  
nerves, and the boy, who  
was the young fellow up at his  
boarding place, on First street, and told  
him he was exceedingly hard-up for dirty  
dollar—so he put on a well-tailored  
suit of dark blue, and went to the  
office of E. H. Williams, which he found to be  
asleep. Williams awoke, and the boy  
told him his story, and the boy  
had to wait for the manager  
of the restaurant, who was not there.

Williams awoke, and the boy  
had to wait for the manager  
of the restaurant, who was not there.

**STRUGGLING WITH A SNAKE.**

**SHOWERS** have a lively time  
with an escaped Python.

Bowen, Oct. 18.—The twenty-nine  
and one-half foot python which recently  
got away in the South Park, New  
York, again escaped this morning,  
while being transferred from his box to  
a cage at Austin & Stone's museum here.

Crashing under the stage the snake  
broke through the floor, and burst open  
the gas pipes.

**THE BASEBALL CHAMPIONSHIP.**

Boston, Oct. 18.—The St. Louis  
Browns, champions of the American  
League, and the Chicago, champions  
of the National League, for the season  
of 1880, met in the grand hall of the  
Union League, Boston, on Saturday  
evening, to play for the championship of  
the world.

The game, contested by 3 o'clock  
yesterday, was won by the Browns  
by a score of 100 to 99.

**THE WHALE SHIPS.**

Buzzard, Oct. 18.—The fund in  
aid of the whale ships now comes  
from the Boston Chamber of Commerce.

A letter was received from President  
Cleveland this morning, indicating  
sympathy with the distressed people.

These 100 persons who are being  
detained in Boston are being liberally  
provided. There is considerable doubt  
as to what permitting equation to  
exist in the case, to be relieved of  
their present difficulties.

**NEW ORLEANS.** Oct. 18.—Geo. W.  
Moore, the well-known scalper, off-  
ers last night four hundred dollars.

## PACIFIC COAST.

**COL. CROCKER ANNOUNCES A NEW  
RAILWAY**

**TO RUN IN THE SAN FERNANDO VALLEY.**

**LAST ABOUT THE SOLICED EXTENSION—Mr.  
Kerrigan Convicted—Rule of San  
Bernardino—Notes.**

**ASSOCIATED PRESS DISPATCHES TO THE TIMES.**

**SAN FRANCISCO.** Oct. 18.—Col. Crocker,  
in an interview to-day, stated that he  
had just returned from a tour of inspection  
over the Solicid extension, and  
that the track had completed as far as  
the town of Pico Robles. It had been  
intended that Pico Robles should be the winter terminus, but they had  
hastily decided to push the construction  
of the road down as far as the new  
town, which had been called Crocker,  
but to which he intended to give some  
other name. At this point construction  
operations will cease until a more  
expensive road across the Coast Range to  
San Luis Obispo.

He also said that the Southern Pacific  
Company contemplated building a road  
from the San Fernando valley to  
Los Angeles, and that he would be  
invited to go down and examine the  
country personally before any other  
steps were taken in the matter.

**SAFETY**

**A COMPROMISE WITH CREDITORS—Mrs.  
Kerrigan Convicted.**

**SAN FRANCISCO.** Oct. 18.—The  
signees of Kean Brothers have filed a  
petition with the County Clerk asking  
that they be discharged from their  
trust, as all claims against the firm have  
been settled by the acceptance of prom-  
issory notes for fifty-two cents on the  
dollar as agreed. The signees filed a  
bond for \$350,000 which they now ask  
to have canceled.

**MURDER**

**IRVING HALL SUPPORTS GEORGE—  
Grippe About His Chances.**

**NEW YORK.** Oct. 18.—The political  
pot begins to boil. The great unknown  
quantity, the size of George's vote, still  
causes great anxiety among politicians.  
George himself and his supporters are  
anguished to know that he will be elected,  
receiving 300,000 votes.

The Sun thinks his vote will not ex-  
ceed 1,000,000. The Tribune says:  
"The election is safe."

at the stock yards is practically ended.

Labor, states that he will have an interview  
with the packers this afternoon,  
and would then tell them that the men  
were prepared to work ten hours a day  
as demanded by the packers.

Lynch on Garfield.

On Sunday, July 18, 1881, the Los Angeles Herald contained the following editorial, written by Joseph D. Lyne, now Democratic candidate for Congress in the Ninth California District.

There is one thing of which the whole people of the United States have just reason to complain. The Associated Press, after giving us a harrowing chapter about the President, has got it in his power to make another equally atrocious.

First, the bad was too short and too low, cramping the Presidential body at too low an angle to add to his lengthening days, and, secondly, he was too weak to stand up to the pressure of the bad day.

The Boston Flower Mission, which originated the pleasant variety of sending flowers to the sick and, in fact, started the custom of sending flowers in Chicago. During the year the Chicago mission has distributed 15,000 bouquets and numerous boxes of flowers. In addition they gave out 10,000 boxes of flowers to the poor and destitute, and held a picnic for the members of an Old Ladies' Home.

MUSIC AND THE DRAMA.

Miss Nevada Palmer's baby has been christened Mary Matilda Nixon.

A daughter of Gen. Buckner, the famous Confederate, is about to adopt the stage as a profession, concealing her identity under a nom de theatre.

Miss Helen Diamond, who is not known to western fame, to adopt the stage, and will shortly be telegraphed to Queen Victoria and the other anxious crowned heads of Europe. While we have been entertained with interesting stories of the life of Princess Alice, the parasitic movements, and while the action of the New York Chamber of Commerce has been telegraphed over the length and breadth of the United States, we have, in this case, the most singular account on the eccentric characteristics of another claimant.

Bismarck! Bismarck! God be praised!!! But the toad-eaters who surround the wretched President are not yet advised. In the Chronicler's Memoria, about the other sides of the coin, that the other side is the one commanding treatment, was one among the cow-pen poulies. We are inclined to think that that would just about meet the emergency, and that on the other hand, the application will shortly be telegraphed to Queen Victoria and the other anxious crowned heads of Europe. While we have been entertained with interesting stories of the life of Princess Alice, the parasitic movements, and while the action of the New York Chamber of Commerce has been telegraphed over the length and breadth of the United States, we have, in this case, the most singular account on the eccentric characteristics of another claimant.

## NEIGHBORHOOD NEWS.

PASADENA.  
AT EPISCOPAL PARISH—RAILROAD  
COUNTY, ETC.  
Pasadena, Oct. 18.—Plans are being  
prepared for a parsonage for the Episcopal  
church, it having been decided to put up  
on the corner of Colorado and Worcester,  
near the church.

The first religious meeting under  
the auspices of the Y. M. C. A. of Pasadena  
was held yesterday afternoon in the  
Methodist Church, Main Street, and the  
meeting was, in all respects, a few hours.

While moving a house in the north-  
western part of town, a man, who  
was working under the building, fell  
and slightly injured.

The present aspect of matters is rela-  
tive to the new church, as follows: The route will be built straight  
to Mount Hill, from the center of Pasadena,  
over a road not yet fully determined.  
The distance between the two points is  
about one mile, and the grade will be  
nearly parallel to the foot of the moun-  
tain. The gauge will be the same.

The Pasadena National Bank opened  
for business this morning, as usual,  
and the number of people, up to the  
time, have been very encouraging to the  
officers. The rooms have been much  
admired by those who have had  
an opportunity to see them. Mr.  
Swartzell is at his post as cashier. Mr.  
Foster is in Edgar H. Taylor's  
office, and Mr. W. H. Tamm, for  
St. Joseph, and later of the First Natl.  
Bank of Omaha, and Mr. G. A. Flint,  
lately of the First National Bank of  
Albuquerque, is here.

A young man named John W. Sedwick  
(a nephew of A. C. McQuillin) was  
brought from a hospital in Los Angeles  
yesterday, having been critically ill and cut  
about the head and body. He is one of  
the surviving forces of the riot.

Mr. George C. Moore, Gimpel  
and Bell, reads in the Herald  
that their ticket in the Louis  
Lands has sold down to \$30,000 per  
share, and great was the relief when  
the wrong number had been published  
and the young man's ticket drew a black.
